

Rodney Fox Shark Museum

Delve into the underwater habitat of the Great White Shark and experience the fantastic journey of shark attack victim, now shark champion, Rodney Fox. The museum houses a fascinating variety of shark exhibits and memorabilia. The souvenir and gift shop provides unique keepsakes and a range of nautical merchandise.

Great White Shark Expeditions allow you to experience sharks in the wild, from the safety of the underwater shark cage. The Fox Shark Research Foundation allows you to adopt your own Great White, with all profits used to further vital research into the species.
